"CRESCO."

We have taken the agency for the celebrated CRESCO Corset—a Corset that cannot break at the waist. It matters not what the style of a Corset is, or what it is made of, if it breaks at the waist, it is rendered uncomfortable and useless. The CRESCO Corset is disconnected in front at the waist line, and has elastic gores at the side, so it cannot break at the waist. Suitable any day and all the day. Good to work in, walk in or rest in. It is shapely, comfortable and durable, and as it cannot break at the waist, it is the cheapest Corset a lady can buy. They come in white—long, short or medium waist. Price, \$1. The next time you buy a Corset, try a CRESCO.

Placing the patient upon an insulated table, with the X-ray attachment, all foreign substances in the body—especially those composed of metal—can be immediately discovered. It also reveals bone fractures. Static electricity is said to be absolutely harmless, and is considered efficacious in all nervous troubles and other ailments of the body. The machine cost \$375.00. Dr. Ford hopes that it will aid him much in the relief of suffering humanity.

His Daughter Had Eloped.

The Owensboro Messenger says: John Divens, of Evansville, Ohio county, created something of a scene in the County Clerk's office Saturday. The day before his daughter, Maggie Divens, had eloped with Robert Newton and came to Owensboro. They were married by Justice Rodman. The father of the girl telephoned the authorities here to stop the marriage, but it was too late. The marriage license was issued by Deputy Clerk Weir. Both parties, under oath, stated that Miss Divens was twenty-one years of age.

The father of the girl was in an ugly mood when he called to see why license was issued to his daughter. He declared that she was only a child and that the man she married was not worthy to be her husband. He said that he was going to make the county clerk "smoke." The gentlemen in the office tried to explain matters to him, but he went out after having refused to be comforted.
